

## What is Citrus Spotter?

CITRUS SPOTTER is a natural solvent derived from orange peel. It is an effective stain remover for dissolving oily, greasy stains, paint, chewing gum, tar, asphalt and other oil-based stains.

### Key Benefits

- ✓ CITRUS SPOTTER is a natural biodegradable product.
- ✓ CITRUS SPOTTER is a strong solvent with fast action.

## How Does It Work?

CITRUS SPOTTER will remove grease and oil, oily stains, tar, adhesive, rubber marks and other spots, stains and marks which need a strong solvent. It is safer to use than chlorinated petroleum solvents, xylene, toluene, trichloroethane or MEK.

CITRUS SPOTTER may be used on all types of hard and soft surfaces, carpets and upholstery and most plastics. It may attack rubber and some soft types of plastic. Please test before using.

CITRUS SPOTTER is free from toxic properties when used according to normal industrial hygiene practices.

CITRUS SPOTTER is a natural replacement for white spirit, thinners, turps and chlorinated solvents. It is also useful for cleaning electrical parts and equipment.

### For Use On...

This environmentally safe, volatile solvent:

- Dissolves and removes spots and marks
- Evaporates completely
- Has a fresh citrus odour - no solvent smell

### Caution

Do not apply CITRUS SPOTTER to carpet tiles or low-pile carpets glued directly to the floor. (Citrus Spotter may dissolve the glue). Use water-based spotter on these floors.

## Technical Data

### Composition

CITRUS SPOTTER is a safe-to-use, biodegradable liquid which is extracted from orange peel and other citrus sources.

### Properties

COLOUR – Clear, colourless liquid  
ODOUR – Citrus fragrance  
SOLUBILITY in water — Not soluble  
SPECIFIC GRAVITY — 0.86

EFFECT ON METAL — Nil

STORAGE SHELF LIFE — Indefinite in sealed container

FLAMMABILITY — CITRUS SPOTTER is flammable. Do not use near ignition sources such as cigarettes, fires, heaters, stoves, TV's, computers, welders, etc. Open a window for good ventilation.

### Dangerous Goods Classification

CITRUS SPOTTER is a Class 3 flammable liquid.

U.N. No: 2052	CLASS: 3
PACK GRP: III	HAZCHEM: 3[Y]

### Environmental Care

CITRUS SPOTTER is based on safe, all-natural ingredients selected to perform efficiently so there is no waste or health hazard. It conforms with all statutory environmental requirements. CITRUS SPOTTER is biodegradable, all-natural and phosphate free. CITRUS SPOTTER containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

### Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

## Application

- Apply straight from the container to a clean cloth then dab the cloth on the stains. Absorb the stains into the cloth.
- CITRUS SPOTTER evaporates at around the same rate as water so solvent loss by evaporation is kept in check. This prevents waste.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
