### Environmental Care

CARPET SPOTTER B conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. CARPET SPOTTER B containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

### Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

## Application

- Absorb liquid spillages and scrape up or vacuum solid soilage before applying spotter.
- Pretest the spotter on an inconspicuous area to ensure that colours will not run.
- As it is a FLAMMABLE liquid, do not use CARPET SPOTTER B near flames or ignition sources.
- Apply neat CARPET SPOTTER B from a cloth directly onto the remaining stain or spot. Gently work the CARPET SPOTTER B into the stain working from the outside towards the centre. Blot the stain with a clean white cloth or paper towel. Results are always best when spillages are cleaned promptly.
- WARNING: CARPET SPOTTER B should not be used on tar-backed tiles because the tar-backing material may be carried onto the carpet fibres.
- As CARPET SPOTTER B is a powerful solvent, it will attack soft plastics and some hard plastics and it is not for use on vinyl or leather surfaces.

Available in: 5L
