

What is Exit?

EXIT is a premium liquid detergent which contains fast-reacting cleaning agents for single-pass hot water extraction carpet cleaning. This product is pH-controlled for effective and safe cleaning even on 100% wool carpets.

Key Benefits

- ✓ EXIT is concentrated and fast acting
- ✓ EXIT really improves the look and feel of carpets

How Does It Work?

EXIT should be added to the tank of carpet hot-water extraction machines. EXIT is a perfumed liquid detergent with fast reacting cleaning agents for single-pass hot-water extraction carpet cleaning. The detergent ingredients in EXIT are specially selected for their rapid action and low-foaming characteristics. Solutions of EXIT are free rinsing so that the carpet fibres are left clean and fresh with no oily residues to attract dirt and lead to early resoiling. EXIT conforms with the requirements of Australian Standard AS3733 Textile floor coverings – Cleaning maintenance techniques for domestic and commercial carpeting.

For Use On...

EXIT leaves the carpet with a good "hand" and improves carpet appearance with brighter colours. The perfume in EXIT dispels "wet carpet" odours and leaves a lingering fresh fragrance. The soil-penetrating properties of EXIT make it ideal for use as a carpet stain pre-spotter prior to general cleaning.

Technical Data

Properties

COLOUR – Pale amber liquid
 ODOUR – Pleasant rose perfume
 pH = 9.5 ± 0.5 (undiluted)
 FOAM – Low foaming

Environmental Care

EXIT conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. EXIT is non-flammable and biodegradable. EXIT containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Colour Coding

Product identification is made easy with the Agar Colour Coding system. We have 11 different categories

of product that are identified by colour and number. The product itself has this colour. Also, the colour and number are shown:

1. On the bottle label as supplied.
2. On the matching Dispenser Spray Bottle.
3. On the product chart for Colour Coded Cleaning.

This system has benefits of reducing the chance of using the wrong product, making compliance and staff training easy, showing that the correct products are being used and providing information about usage, dilution and first aid.

Product	Code Colour	Code Number	Type
EXIT	Beige	10	Carpet and spot cleaners

EXIT is a Colour Code 10 (beige) product.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996 SAI Certificate No.: QEC7358

Application

Light Soilage: Dilute EXIT to 1 in 120 parts with water

Medium Soilage: Dilute EXIT to 1 in 80 parts with water.

Heavy Soilage: Dilute EXIT to 1 in 40 parts with water.

- Remove litter from carpet and vacuum if necessary.
- Move furniture or place foil under legs.
- Pre-spot heavily soiled areas with EXIT at 1 in 10. (First check carpet for colourfastness on an inconspicuous area.)
- Clean carpet with solutions as follows.
- Avoid overwetting the carpet. Allow carpet to dry as quickly as possible, provide ventilation where possible.

Available in: 1L, 5L, 20L

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
