

What is Spice?

SPICE is a fresh-scented, commercial-grade disinfectant with a powerful cleaning action that leaves surfaces disinfected, clean and perfumed with a lingering spicy fragrance.

Key Benefits

- ✓ SPICE has a dual action to remove unwanted odours – it removes the source of the odour and perfumes the air.
- ✓ SPICE kills germs.

How Does It Work?

SPICE is a fresh, spice-scented commercial grade disinfectant with powerful cleaning action that leaves surfaces disinfected, clean and perfumed with lingering spicy fragrance.

It will:

- Attack and break down dirt and grease.
- Kill germs and destroy odours.
- Create a long-lasting spicy fragrance.

For Use On...

SPICE is ideal for cleaning and disinfecting floors, walls, sinks, baths, toilets, tiled areas and fittings. SPICE may also be used as an air-freshener.

Technical Data

Properties

COLOUR – Transparent dark green liquid
ODOUR – Spicy fragrance
 pH = 5.0 – 6.0
FOAM – High foam with good stability
DISINFECTING POWER – Commercial Grade Disinfecting at 1 in 50 dilution.

Microbiological Testing

SPICE has passed the TGA Test for Commercial Grade Disinfectants (Option C) at the dilution of 1:50 against Escherichia coli and Staphylococcus aureus.

Environmental Care

SPICE conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. SPICE is non-flammable, phosphate-free and biodegradable. It contains no solvents. SPICE containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Colour Coding

Product identification is made easy with the Agar Colour Coding system. We have 11 different categories of product that are identified by colour

and number. The product itself has this colour. Also, the colour and number are shown:

1. On the bottle label as supplied.
2. On the matching Dispenser Spray Bottle.
3. On the product chart for Colour Coded Cleaning.

This system has benefits of reducing the chance of using the wrong product, making compliance and staff training easy, showing that the correct products are being used and providing information about usage, dilution and first aid.

Product	Code Colour	Code Number	Type
SPICE	Light Green	3	Disinfectant and Antibacterial detergents

SPICE is a Colour Code 6 (Dark green) product

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".
 First Certified: 30 April 1996 SAI Certificate No.: QEC7358

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.

Application

- **For Commercial Grade Disinfection:**
Dilute 1 part SPICE with 50 parts water. This is 200ml per 10L wringer bucket of water. Apply this solution to the surface and wipe or scrub clean. For best results, leave the solution wet on the surface for 2-5 minutes. Rinse with water or leave the surface damp.
- **Air-Freshener:**
Dilute to 1 part SPICE in 10 parts water.
Spray high into the room with hand spray-gun.
- Do not mix SPICE with other cleaners – these may deactivate the disinfectant action.
- Make a fresh solution each day and discard used solutions at the end of each day.
- Observe the Use By Date printed on the label.
Rotate stock properly so that the older product is used before newer stock.
- SPICE is not for use on therapeutic devices.
- Hard surface disinfectant only. Not to be used on skin.

Available in: 5L, 20L

Dispensing Accessories:

Colour-coded 500ml Spray Bottle – Code D03
Trigger for 500ml bottle plain, Blue/White – Code DTR
Hand Pump for 5L bottle (30ml/stroke) – Code DHP30
Hand Pump for 20L Drum (30ml/stroke) – Code DHP20
Tap in Cap 5L – Code DTC5
20L Drum Tap – Code DTAP
