

### Product Data Sheet

Product Code: META

Issued: February 25, 2011

## What is Metal-Max?

METAL-MAX is a rich, powerful metal polish for cleaning and shining stainless steel surfaces, as well as chrome, copper, brass, enamel and ceramic cook tops.

### Key Benefits

- ✓ METAL-MAX removes stains and bacteria from stainless steel and other metal surfaces.
- ✓ METAL-MAX actually polishes dull metal surfaces, cutting away stains and marks.

## How Does It Work?

METAL-MAX is a rich, powerful metal polish for cleaning and shining stainless steel surfaces as well as chrome, copper, brass, enamel and ceramic cooktops. Whenever a metal surface has changed colour, whether due to spillages, heating or tarnishing, METAL-MAX will clean off the soil and bacteria and also polish up the metal to the original colour and a beautiful new shine.

### For Use On...

METAL-MAX is ideal for polishing:

- Stoves
- Sinks
- Stainless steel benches
- Copper and brass
- Rangehoods
- Pots and pans
- Irons
- Enamel and ceramic surfaces

## Technical Data

### Composition

METAL-MAX contains organic food acids, coconut-based surfactants, special polishing minerals (with no silica), lemon perfume and water.

### Properties

COLOUR – Thick white liquid  
ODOUR – Lemon  
pH = 2 – 3

### Environmental Care

METAL-MAX conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. METAL-MAX is phosphate free, biodegradable, non-flammable and water-based. METAL-MAX containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

## Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".  
First Certified: 30 April 1996  
SAI Certificate No.: QEC7358

## Application

- Shake the bottle before use.
- Squeeze a small amount of METAL-MAX onto a damp clean cloth and rub the product over the surface.
- Rub any stains until removed, then wipe all over the surface to clean and shine evenly.
- Use a clean, wet cloth to rinse the surface then polish to a brilliant shine with a dry cloth or a kitchen paper towel.

Available in: 500ml
