

What is Dish-Kleena?

DISH-KLEENA is a high-foaming neutral detergent for handwashing dishes, glasses, utensils, cutlery, and pots and pans. It can be used with glass, china and metal surfaces. DISH-KLEENA has been specifically formulated to be environmentally preferable.

Key Benefits

- ✓ Suspends food residues & rips through fatty films
- ✓ Gentle on the hands – can't be beaten for dishwashing.
- ✓ Very economical to use.
- ✓ Has a non-residual fresh lemon perfume.

**Awarded Good
Environmental
Choice Award**

How Does It Work?

DISH-KLEENA will remove food, grease, protein matter, cooking fats and oils from china, glass and metal surfaces. Its excellent capacity for removing fats and food residues makes DISH-KLEENA an ideal pot-wash detergent. DISH-KLEENA works effectively in soft and hard water.

For Use On...

DISH-KLEENA is a high-foaming, neutral detergent for cleaning dishes, glasses, utensils, cutlery and pots and pans by hand washing in the kitchen sink. DISH-KLEENA is also excellent for general cleaning where a neutral detergent is required.

Technical Data

Composition

DISH-KLEENA is formulated with premium surfactants and foam boosters which attack and disperse soilage matter. It contains a subtle lemon perfume. DISH-KLEENA is coloured with food dyes. It is non-toxic and non-corrosive.

Properties

- COLOUR – Transparent, thick green liquid
- ODOUR – Lemon-scented
- pH = 7 – 8.5 (neutral)
- FOAM – High foam level with good stability

Environmental Care

DISH-KLEENA conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. DISH-KLEENA is non-flammable, phosphate-free and contains biodegradable ingredients. DISH-KLEENA containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements". First Certified: 30 April 1996 SAI Certificate No.: QEC7358

Application

Sink washing of pots, pans and dishes:

- Heavy soilage: Dilute 30mls of DISH-KLEENA per 5L of hot water. (1:167) Wash dishes with mop, sponge, pad or brush.
- Light soilage: Dilute 15mls of DISH-KLEENA per 5L of hot water. (1:333)

General cleaning of floors, walls, fittings, motor vehicles and all wettable surfaces:

- Dilute 1 part DISH-KLEENA to 50 to 200 parts with warm water, depending on degree of soilage.

Disposal Information

1. Used solutions -

Used solutions of DISH-KLEENA should be poured into a drain or trough that leads to the sewer system or a septic tank. These systems have a method for treating and breaking down the waste.

Used solutions of detergent should not be poured into stormwater drains or down driveways as these drains are designed for rainwater and ultimately lead to the local river system. Although DISH-KLEENA has a low aquatic toxicity, detergents in general are not good for aquatic wildlife.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.

Product Data Sheet

Product Code: DISK

Issued: July 15, 2021

2. Unused product -

It is best to keep the product and use it up! If this is not possible, try to give it to someone who can use it. (Make sure the product is in its original, labelled container).
If there is no alternative but disposal, it is safe to pour modest quantities of this product down the drain (to sewer) with running water. Leave the cold tap running for a few moments afterwards as this dilutes the product and reduces the concentration in the wastewater.
Remember, do not mix different cleaning products together during disposal!

3. Empty packaging –

Bottles and drums -

Our 5L and 20L bottles and drums are made from HDPE (polyethylene) or PET which can be recycled. You can dispose of these containers via the kerbside collection program or other recycling system. DISH-KLEENA containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste.

Cardboard cartons -

Our cartons contain a minimum of 70% recycled cardboard and/or paper. Used boxes should be flattened and recycled in OCC (old corrugated cardboard) or mixed wastepaper recycling programs.

Available in: 5L, 20L

Dispensing Accessories:

750ml Squirt Bottle – Code RI46
28mm Disc Top Cap, White – Code RIC
Hand Pump for 5L Bottle (30ml/Stroke) – Code DHP30
Hand Pump for 20L Bottle (30ml/Stroke) – Code DHP20
Tap in Cap 5L – Code DTC5
20L Drum Tap – Code DTAP
