COLOUR CODED CLEANING SYSTEM

Make cleaning easy with Agar's colour coded cleaning system

General cleaning products are grouped into 11 colour and number coded categories according to their application.

1 All Purpose & Floor Cleaners	5 Glass & Window Cleaners	9 Stainless Steel Care
2 Spray & Wipe Cleaners	6 Air Fresheners	10 Carpet & Spot Cleaners
3 Disinfectants & Antibacterial Detergents	7 Heavy Duty Detergents	11 Chlorinated Cleaners & Sanitisers
4 Toilet & Bathroom Cleaners	8 Furniture Polish	

What is coded?

Chemical colours

Product labels

Spray & squirt bottles

Dispensers

Wall charts

What are the benefits?

- Reduce cross-contamination
- Makes compliance easy
- Train new staff quickly
- Easy identification of products
- Wall chart summarises the system with usage, dilution and first aid information
- Screen printed bottles provide a quick visual check that the correct chemical is in the right bottle
- Pre-labelled screen printed dispenser bottles

1 ALL PURPOSE & FLOOR CLEANERS

Get beautiful, sparkling results with Agar's comprehensive range of All Purpose and Floor Cleaners. With a variety of products on offer, you can be sure you get the most effective cleaner to suit any surface, soilage or application. Each product is formulated to be safe, efficient, cost effective and of the highest quality.

Autoscrub Designed for scrubbing acrylic sealed floors and other hard surfaces. Low foaming formula makes it excellent for autoscrubbing. Enhances and extends the life of the floor sealer.

Perfume | Pine pH Level | 9.0 – 11.0 Sizes available | 5L, 20L

Fresh Mop Designed for mopping all floors, it will not streak on glossy stone floors or polyurethane-sealed timber floors.

Perfume | Lemon pH Level | 9.5 – 10.8 Sizes available | 5L, 20L

HC-90 Designed for hospital cleaning, it is a concentrated general purpose detergent that is odourless, solvent free and will remove all sorts of soilage from medical instruments to factory floors. Excellent for ultrasonic cleaning tanks. Very cost-effective. Conforms to AS 4187.

ULTRA SONIC CLEANING

Perfume | Odourless pH Level | 8.2 – 9.2 Sizes available | 1L, 5L, 15L, 20L

Magic Versatile, neutral detergent for cleaning a variety of hard surfaces including floors, walls, terrazzo utensils, paintwork, cars and vehicles, and more.

Perfume | Rose pH Level | 6.6 – 8.0 Sizes available | 5L, 20L

Mop'N'Dry Powerful, fast-drying cleaner formulated to be used together with microfibre mops and spray mops. It breaks down greasy and stubborn stains to boost the power of microfibre without leaving any residual films on floors, making it excellent for spot-cleaning high traffic floors.

Perfume | Fresh pH Level | 10.0 – 11.0 Sizes available | 1L, 5L, 20L

Novadet Super detergent with deodorant action and boosted with mild solvents. Very versatile and ideal for scrubbing all types of floors. Just might be the best all-round floor cleaner.

BEST ALL ROUND FLOOR CLEANER

Perfume | Rose pH Level | 8.8 – 9.8 Sizes available | 5L, 20L

pH-7 Environmentally preferred, citrus-boosted detergent that is perfectly suited for both floors and general cleaning. It is suitable for marble, terrazzo and other alkali-sensitive surfaces.

GECA CERTIFIED

Perfume | Orange Peel pH Level | 6.6 – 8.0 Sizes available | 1L, 5L, 20L

Spruce Environmentally preferred multi-purpose detergent for all washable hard surfaces. Hypoallergenic and promotes good indoor air quality. If you can only use one product for everything, this is it.

GECA CERTIFIED

Perfume | Vanilla pH Level | 8.2 – 9.5 Sizes available | 5L

Superforce Heavy duty, high-performance detergent. Most powerful in the All Purpose & Floor Cleaners range. Will remove toughest of soils including oily films, fat, carbon, smoke deposits, ink spills, bathroom build up and more. Ultimate balance between cleaning power, versatility and safety.

Perfume | Spice pH Level | 11.1 – 11.5 Sizes available | 1L, 5L, 20L

2 SPRAY & WIPE CLEANERS

Dissolve dirt and grime in a flash with Agar's range of Spray and Wipe Cleaners. Tailor made to suit specific requirements and applications, each product makes cleaning hard surfaces fast and easy. Agar's Spray and Wipe Cleaners are formulated to dry to a sparkling finish and will not leave any sticky residues or streaks behind.

Citra-Mist Environmentally preferred, highly effective and fast-working spray and wipe cleaner that dissolves and removes soilage from all hard surfaces. Made using organic, renewable ingredients.

GECA CERTIFIED

Perfume | Citrus pH Level | 9.0 – 11.0 Sizes available | 1L, 5L, 20L

Jetsol Powerful grease cutting cleaner which attacks and dissolves a wide range of soils from washable hard surfaces. Excellent at removing pen ink. Recommended for bank counters and desks in schools and offices.

REMOVES PEN INK

Perfume | None pH Level | 10.5 – 11.5 Sizes available | 5L

Solspray Unique solvent detergent that dissolves grime, smoke films, ink marks and routine soil from hard surfaces including doors, walls, desks, tables and carpets without leaving residues or streaks.

Perfume | None pH Level | 10.0 – 11.5 Sizes available | 5L, 20L

Wipe Away An economical, versatile spray and wipe cleaner with perfume that leaves surfaces smelling clean. Removes all types of daily soilage from hard surfaces, without leaving streaks. Especially good for cleaning stainless steel and laminates.

Perfume | Spicy pH Level | 11.0 – 12.5 Sizes available | 5L, 20L

3 DISINFECTANTS & ANTIBACTERIAL DETERGENTS

Destroy undesirable bacteria with confidence using Agar's range of Disinfectant and Antibacterial Detergents. Each product is pleasantly perfumed to leave a fresh scent. Boosted by detergents, they can be used on a variety of hard surfaces to clean and disinfect.

CounterFlu A hospital-grade disinfectant and detergent with a powerful cleaning action that kills viruses including COVID-19 virus and flu virus, germs, and bacteria at the same time. It leaves any hard surface disinfected, clean and perfumed with a lasting citrus fragrance.

KILLS COVID 19 VIRUS

Perfume | Citrus pH Level | 7.0 – 8.0 Sizes available | 1L, 5L, 20L

CounterFlu RTU A ready-to-use version of CounterFlu, designed to reduce mixing time to improve OH&S and productivity while cleaning and disinfectant all hard surfaces.

Perfume | Citrus pH Level | 7.0 – 8.0 Sizes available | 750ml, 5L

Kuranda Agar's first environmentally preferable and GECA certified disinfectant and antibacterial detergent, which is specially formulated to kill germs and reduce the spread of infections. Boosted with a detergent for a powerful cleaning action it leaves surfaces clean, disinfected and perfumed with a fresh floral fragrance.

GECA CERTIFIED

Perfume | Sweet floral pH Level | 5.5 – 6.5 Sizes available | 5L, 20L

Lemon Fresh citrus-scented, commercial grade disinfectant and deodoriser with detergent ingredients to provide a powerful three way action of cleaning, removal of bacteria and odour treatment. Ideal for washrooms and all hard surfaces.

Perfume | Lemon pH Level | 5.0 – 5.6 Sizes available | 1L, 5L, 20L

Orchids Commercial-grade detergent with a pleasant and lasting musk perfume that kills germs and reodourises through the whole day.

Perfume | Musk Floral pH Level | 7.5 – 8.5 Sizes available | 5L, 20L

Tango Hospital grade disinfectant at 1:10 dilution. Kills germs and deodorises with floral-candy perfume.

HOSPITAL GRADE

Perfume | Fruity Floral pH Level | 5.0 – 5.6 Sizes available | 5L, 20L

Wildflower Multi-purpose commercial-grade disinfectant, leaves surfaces clean while it removes bacteria from floors, walls, sinks, baths, toilets, tiled areas and fittings.

Perfume | Floral pH Level | 5.5 – 8.0 Sizes available | 5L, 20L

4 TOILET & BATHROOM CLEANERS

Kill germs, sanitise and shine with Agar's range of fast-acting Toilet and Bathroom Cleaners. These versatile products are highly effective on a variety of bathroom surfaces and soils, reducing the amount of cleaning supplies needed on site. Formulated to be high performance for a fast clean, the range even includes three environmentally preferred products, independently certified through GECA.

All Fresh All purpose washroom cleaner concentrate for dilution via a dispenser. Forceful cleaner of toilets, urinals, showers, bathroom floors, walls, basins and fixtures. Easily dissolves rust, lime, bio-waste, urine, hard surface scale, soap and fat scum.

Perfume | Lime pH Level | 2.0 – 2.8 Sizes available | 5L

Bowl Clean Powerful antibacterial cleaner for toilets and urinals as well as baths and showers. Bowl Clean's special acidic formula offers a multi-pronged attack. Cleans, removes rust and scale, controls germs and deodorises.

Perfume | Pot-Pourri pH Level | 0.0 – 1.2 Sizes available | 750ml, 5L, 20L

Fresco Environmentally preferred, all-purpose washroom detergent. Powerful formula based on natural plant-derived acids and surfactants that will cut through soap scum and will clean showers, baths, basins, toilets, ceramic tiles and fittings. Dilutable for superior economy.

Perfume | Lime pH Level | 2.0 – 3.5 Sizes available | 1L, 5L, 20L

Sequal Environmentally preferred cleaner for toilets, urinals, tiled floors, walls, baths, basins and shower recesses. Thick formula clings to steep surfaces to provide prolonged soil attack.

Perfume | Floral pH Level | 1.8 – 2.8 Sizes available | 5L, 20L

Shower Star Environmentally preferred, concentrated bathroom cleaner with naturally occurring mildew and mould killers. Works without scrubbing, and rinsing is not normally required. Excellent on showers and baths and other bathroom fittings and fixtures. Not safe for marble.

CONTROLS MOULD

Perfume | Citrus pH Level | 2.0 – 2.8 Sizes available | 1L, 5L, 20L

5 GLASS & WINDOW CLEANERS

Bring glass, mirrors and other shiny surfaces to a beautiful, streak-free finish in seconds with Agar's range of Glass Cleaners. Each formulation is designed to maximise product performance so you can clean more in less time.

Bellevue Rapidly penetrates and removes light to medium soil loads from windows and mirrors. It is a concentrate that is diluted with water on site, reducing freight of chemicals. Bellevue has been formulated to minimise impact on both people and the environment.

Perfume | None pH Level | 9.0 – 10.5 Sizes available | 5L

Fast Glass High performance spray and wipe glass cleaner that removes grimy films and routine soilage from glass, mirrors, chrome and polished surfaces without streaking.

Perfume | None pH Level | 10.7 – 11.7 Sizes available | 5L, 20L

Flash Dry Ultra-fast drying spray and wipe glass cleaner that evaporates to be fully dry within seconds. Premium performance and non-streaking. Extremely versatile. Ideal for restoring sparkle on glass, mirrors, tabletops, chrome, laminates, and other highly polished surfaces.

ULTRA FAST DRYING

Perfume | Floral pH Level | pH not disclosed Sizes available | 750ml, 5L, 20L

Venue Fast-acting cleaner concentrate for use via dispenser. Cleans glass, stainless steel and chrome surfaces. Removes oil, greasy films, lipstick, fingermarks and all other soilage from windows and display cabinets without streaking.

Perfume | None pH Level | 11.6 – 13.0 Sizes available | 5L

© Agar Cleaning Systems Pty Ltd 2025 ABN 80 004 726 890

6 AIR FRESHENERS

Eliminate odours with a beautiful lasting fragrance using Agar's versatile range of Air Freshener. All of Agar's Air Freshener, except for Country Garden, contain a detergent and perfume to simultaneously clean and deodorise in one easy step. Suitable for a variety of cleaning jobs and applications, these dual-action Air Freshener Detergents help save time and money by reducing the need for multiple products.

AIR FRESHENER DETERGENTS

Breeze | **Fruity**
Floral | **Fruity Floral**
Ocean Air | **Fresh**
Lavender | **Lavender**
Lollyshop | **Jelly Beans**
Sweet Talc | **Baby Powder**

Strong odour-masking deodorisers all containing detergent for a powerful cleaning action that leaves surfaces clean and perfumed. Each product is ideal as an air freshener or for washing and mopping all hard surfaces where a long-lasting fragrance is desired.

pH Levels | 4.5 – 8.0 (varied) **Sizes available | 5L, 20L**

Country Garden Perfumed concentrate air freshener with lingering honey-suckle and rose scent. Will leave fragrance in air for days, putting an end to unpleasant odours. Ideal for washrooms and toilet blocks.

Perfume | Floral **pH Level | N/A** **Sizes available | 1L, 5L**

Freshaire A strong odour neutraliser as well as a detergent with antibacterial properties. It attacks and cleans away the odour and leaves a fresh lingering fragrance. Ideal for hospitals, nursing homes or any other facility where there may be offensive odours.

Perfume | Fruity **pH Level | 4.6 – 7.5** **Sizes available | 5L**

Note: See page 12 for more odour controlling products.

GENERAL CLEANING DISPENSERS

Colour Coded Dispenser Agar can provide various types of modular dispensers designed to increase efficiency, reduce waste and cross-contamination occurrences and minimise OH&S risks. The systems can be configured to dilute multiple products with water, ensuring that the correct dilution rate is always used. The hoses fitted to the dispensers pour directly into the Agar Dispenser Bottles or mop buckets to eliminate spillage or waste from manual handling. Containers of cleaning products can be kept in locked cages to further prevent incidents.

Chemical Cage Can be used as a dispensing system through the attachment of hand pumps. The two or three product cages can also used with the Colour Coded Dispensers to store cleaning products securely.

7 HEAVY DUTY DETERGENTS

Blast away hard to remove soil in no time with Agar's range of Heavy Duty Detergents. Formulated to tackle grease, grime, oil, fat and dirt in the toughest of environments, there is a product to suit every application.

Ammodet A concentrated grease-cutting detergent boosted with ammonia. Ammodet is excellent for squeegee cleaning of windows.
Perfume | None pH Level | 11.1 – 12.2 Sizes available | 1L, 5L, 20L

Dirt-Off Excellent heavy duty detergent for instantly removing all kinds of industrial dirt. Amazingly versatile and pleasantly perfumed degreaser. Use with mops, autoscrubbers, steam cleaners and pressure washers. Ideal for cleaning floors, pavements, equipment, paintwork, machinery, kitchens and the exterior of vehicles.
MOST POPULAR
Perfume | Spice pH Level | 12.5 –14.0 Sizes available | 1L, 5L, 20L

Enyclean A heavy duty detergent and grease remover with environmentally preferable ingredients. It is a fast-acting, powerful cleaner for a broad range of cleaning applications. Enyclean will remove grease, oil, greasy cooking fats and smoke films from floors, equipment, machinery and ceramic tiles.
GECA CERTIFIED
Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L

Jackpot A high foaming, non-caustic powerful detergent designed for use with foam guns, foam systems and pressure washers. Concentrated, water-based and safe on aluminium.
Perfume | None pH Level | 11.0 – 11.5 Sizes available | 5L, 20L

Low Foam HF Low-foaming and excellent for use in automatic scrubbing machines, mop buckets and steamers. Great for workshops, factories, or anywhere you find dirt, oil and grease. Also good for washing walls and other painted surfaces.
Perfume | None pH Level | 12.3 – 13.3 Sizes available | 5L

Presto As well as being a heavy duty floor cleaner, Presto is excellent in food preparation areas, showers, BBQs, or any other area where surfaces and fittings are soiled with organic fats, oil, grease, soap scum and so on.
Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L, 15L

React Fast-reacting, non-caustic, powerful detergent, suitable for most degreasing and heavy duty cleaning tasks. Especially effective on particulate soils like smoke and road dirt and is suitable for use on aluminium. An excellent kitchen cleaner.
NON CAUSTIC
Perfume | Sweet pH Level | 11.0 – 11.5 Sizes available | 5L, 20L

Renegade High performance, versatile degreaser that removes stubborn dirt, oil, grease and soot from the most dirty of floors, equipment and machinery. Fast-reacting and powerful to rapidly loosen dirt and soot allowing it to be washed away.
Perfume | None pH Level | 13.5 – 14.0 Sizes available | 5L, 20L

Shifter A powerful, alkaline cleaning agent designed specifically for daily use in autoscrubbers to systematically remove stubborn soil from troublesome ceramic tiles, quarry tiles and stone floors. A sophisticated blend of ingredients – also used for mopping.
Perfume | None pH Level | 12.8 – 14.0 Sizes available | 5L, 20L

Speed Versatile solvent-based alkaline detergent that removes a broad spectrum of soilage including mineral oils, cooking oils, carbon, ink and vapour films. Useful as a light-duty polish remover.
Perfume | None pH Level | 12.5 – 13.5 Sizes available | 5L, 20L

Vantage Concentrated heavy duty detergent with a 3-way action: detergent, sanitiser and air freshener all in one product. Formulated for use in the toughest of environments, it rips through stubborn dirt, mud, oil films, grease, grime and soot to clean and sanitise the surface and leave it smelling fresh.
Perfume | Fresh pH Level | 13.0 – 14.0 Sizes available | 5L

Wheelie Bin Cleaner Concentrated heavy duty detergent with 3-way action that functions as a detergent, sanitiser and deodoriser. Removes soils, sanitises, and leaves a fresh scent. Formulated especially for cleaning wheelie bins and garbage receptacles.
Perfume | Fresh pH Level | 13.0 – 14.0 Sizes available | 5L, 20L

8 FURNITURE POLISH

Return furniture back to a beautiful shine while cleaning with Agar's double-action Furniture Polish.

Splendour A silicone and wax-based furniture polish that cleans, protects and polishes in one spray-wipe action. Useful for desks, chairs, tables, benches and counters. Very cost-effective and provides better value than consumer spray-packs.
Perfume | Spice pH Level | 6.1 – 7.3 Sizes available | 1L, 5L

© Agar Cleaning Systems Pty Ltd 2025 ABN 80 004 726 890

9 STAINLESS STEEL CARE

Get stainless steel gleaming again with Agar's range of Stainless Steel Care products. Designed to prevent finger marks, these products are made with high quality ingredients to protect the surface and reduce cleaning time.

Stainless Steel Oil A blend of high-quality oils that will protect and enhance stainless steel panels. Applied lightly and evenly, Stainless Steel Oil prevents finger marking. Daily cleaning becomes a simple task of lightly polishing with a clean dry cloth. Non-flammable.

Perfume | None pH Level | N/A Sizes available | 5L

Steel Shine A water-based emulsion of oils and silicone for cleaning, polishing and protecting stainless steel, aluminium, copper and bronze. Steel Shine leaves a very thin protective film which is dry, non-sticky and makes daily cleaning much quicker and easier.

Perfume | None pH Level | 6.0 – 8.0 Sizes available | 1L, 5L

10 CARPET & SPOT CLEANERS

Tackle carpet spots and spills quickly with Agar's range of Carpet and Spot Cleaners. For the full range of Carpet Care products, please refer to pages 16 and 17.

Carpet Shampoo A concentrated dry foam shampoo for rotary machines or spot cleaning. Hydrocarbon solvents attack soilage while very high stable foaming and soil retarding resins lift the soil out of the carpet for vacuum pick-up once dry in a very powerful cleaning action. A pleasant perfume finishes the job off nicely.

Perfume | Fruity pH Level | 8.0 – 9.0 Sizes available | 5L

Citrus Extra Contains biodegradable surfactants, no added phosphates with natural citrus-based ingredients, Citrus Extra is a pre-spray liquid detergent for HWE* carpet cleaning, in compliance with AS 3773. It is safe for general purpose use. The Citrus Extra solution is applied direct to the carpet while only water is used in the solution tank. Citrus Extra is low alkaline, low-foaming and free rinsing.

Perfume | Citrus pH Level | 9.8 – 10.8 Sizes available | 5L, 20L

***HWE: Hot Water Extraction**

Exit This liquid detergent is formulated for use in the tank of HWE* carpet cleaning equipment. With a concentrated, fast-acting blend of surfactants and controlled pH, Exit provides safe and effective cleaning that leaves a popular lingering perfume.

MOST POPULAR

Perfume | Floral pH Level | 9.0 – 10.0 Sizes available | 1L, 5L, 20L

Green'N'Gold Environmentally preferable detergent for cleaning carpets by HWE*. It contains fast-acting cleaning agents and is pH controlled to be safe to use on 100% wool carpets, nylons and all washable synthetic fibres.

GECA CERTIFIED

Perfume | Citrus pH Level | 5.5 – 7.5 Sizes available | 5L, 20L

Spot Wiz Versatile, effective general purpose carpet spotter with citrus-based ingredients. Pre-packed in ready to use spray packs, Spot Wiz is ideal for distribution to all cleaners for immediate use on spots and spills. Also ideal for household use.

Perfume | Orange pH Level | 9.5 – 10.5 Sizes available | 750ml, 5L

11 CHLORINATED CLEANERS & SANITISERS

Get the best defence against bacteria with Agar's Chlorinated Cleaners and Sanitisers. Well known and trusted around Australia for their reliable performance time after time, both products double as a whitening agent. Chloradet is widely used within the healthcare industry where only the most credible disinfectants are required. See also Softie and Ritzy in Cream Cleansers on page 11.

Bleach A chlorine-based whitening and antibacterial agent that will control germs, mould and mildew and cut through soapy build ups. Useful for toilets, washrooms, showers and pool areas. Also good for cleaning old mops.

Perfume | None pH Level | 12.0 – 13.8 Sizes available | 5L, 20L

Chloradet Super-active foaming cleaner and hospital-grade disinfectant that combines a caustic and bleaching action to rapidly remove all kinds of soil, fungi, mould and mildew from ceramic tiles, concrete, stainless steel, glass and porcelain. Excellent for pool areas, showers and kitchen floors.

HOSPITAL GRADE

Perfume | None pH Level | 12.6 – 14.0 Sizes available | 5L, 20L

SPECIALTY CLEANING

Got a cleaning problem you need to solve? Agar has a comprehensive range of specialty cleaning products formulated to tackle tough surfaces and stains. Whether it's offensive odours, out of control mould or mildew, or stubborn graffiti, Agar has a solution for all of your cleaning problems!

Biological Cleansers

Bac2Work Harnesses the power of good bacteria to digest organic soilage and remove the source of unpleasant bathroom odours. Sustained attack – keeps digesting waste matter until the soilage is gone. Effective on washrooms that have long been plagued by very strong smells and soil other products have been unable to remove.

Perfume | Mint pH Level | pH not disclosed Sizes available | 1L, 5L

Drain Solution Deodorises and unblocks pipes and drains that have a history of bad odours by utilising advanced biologically active ingredients to digest and consume the organic soilage, food scraps and fats. Keeps on digesting waste matter until the blockage is gone and positively stops foul-smelling odours.

Perfume | Citrus pH Level | 6.5 – 8.5 Sizes available | 1L, 5L

U-Remove Advanced stain and odour remover. Uses biologically active ingredients to digest organic soilage and uric salts. It can be used on a variety of surfaces including carpets, underlay, mattresses, curtains, fabrics and artificial turf. Its pleasant fresh fragrance helps mask unwanted smells while it continues to digest the stains until they are completely gone.

Perfume | Fresh pH Level | 5.0 – 9.0 Sizes available | 750ml, 5L

Chemical Specialties

Alcohol Sanitiser AS-60 A ready-to-use, no-rinse sanitiser for all cleaned surfaces. It evaporates quickly, has a strong antibacterial action and leaves no residues. Ideal for food contact areas, healthcare equipment, and any area with high touch point surfaces.

Perfume | None pH Level | 5.0 – 7.5 Sizes available | 5L, 20L

Antifoam A super concentrated silicone defoaming agent. Add a few drops to your recovery tank to prevent foam from reducing valuable capacity.

Perfume | None pH Level | 7.0 – 8.0 Sizes available | 1L, 5L

Distilled Water Pure distilled water for use in washing windows with reduced residue and for topping up wet batteries.

Perfume | None pH Level | 6.0 – 7.0 Sizes available | 5L, 20L

Isopropyl Alcohol 100% isopropyl alcohol, also known as rubbing alcohol. It is used as a solvent, sanitiser and window cleaner. It quickly removes sticky tape residues, cosmetic stains, fingerprints and smears, and some inks from hard surfaces.

Perfume | None pH Level | N/A Sizes available | 5L

Methylated Spirit A fast-drying solvent for removing soilage and stains caused by adhesive tape marks, cosmetics, hand prints, fats and some types of ink. It is also a powerful germicide. It can be used on hard surfaces and glass. Also works as a sanitiser and glass cleaner.

Perfume | None pH Level | N/A Sizes available | 5L, 20L

Construction Cleaning

CM-X Concrete Remover Removes concrete, cement and grout as well as lime, scale and rust from brick walls and acid-resistant hard surfaces. Ideal for builder's cleans, it is low-odour and works like strong acid but is less corrosive and much safer to handle. Based on an organic-salt complex, it contains corrosion inhibitors and is non-fuming.

Perfume | None pH Level | 0 Sizes available | 5L, 200L, 1000L

Concrete Remover CR-60 A fast-acting, low-odour, non-corrosive concrete remover for dissolving lime, concrete and mortar residues from concrete mixers, trucks and trowels. Safe on plastics and paintwork that is in reasonable condition and it will have little effect on steel, stainless steel and iron. Contains corrosion inhibitors.

Perfume | None pH Level | 0.0 – 1.0 Sizes available | 5L, 20L, 200L

Portacare Super A heavy-duty portable toilet sanitiser and deodoriser. Its powerful formula kills germs, neutralises odours, and masks waste with its strong blue colour. Ideal for construction sites with extended periods between emptying or high-traffic events where portable toilets experience heavy use.

Perfume | Citrus pH Level | 5.0 – 7.0 Sizes available | 5L, 20L

© Agar Cleaning Systems Pty Ltd 2025 ABN 80 004 726 890

SPECIALTY CLEANING

Cream Cleansers

Softie Chlorinated cream cleanser with soft polishing abrasives to boost soil removal and leave surfaces clean and shiny. Softie kills germs and mould and removes water stains, soap scum and body fats from ceramics, stainless steel, porcelain and enamel surfaces in kitchens and washrooms.
Perfume | None pH Level | 12.0 – 13.5 Sizes available | 500ml, 5L

Ritzy A citrus-perfumed cream cleanser for use in cleaning and polishing porcelain, enamel and other hard surfaces. Rapidly attacks soil, is soft, mildly abrasive, does not contain chlorine and rinses free with no residue.
Perfume | Citrus pH Level | 10.0 – 11.5 Sizes available | 750ml, 5L

Degreasers & Oil Removers

DLX Citrus Degreaser A citrus-based degreaser for removing tar, oil, wax and stains from a variety of surfaces. It can be used in busy retail areas for the removal of chewing gum residue and stains where other stronger smelling solvents are unable to be used.
Perfume | Citrus pH Level | N/A Sizes available | 500ml, 5L

Drive Away An extremely powerful and simple-to-use oil and grease remover for concrete and stone pavement. It literally drives the stain right out of the surface to be cleaned with no scrubbing required. Perfect for oil stains left by leaking motor vehicles.
Perfume | None pH Level | N/A Sizes available | 5L

Oil Stain Remover A white, absorbent paste containing hydrocarbons. It works using the 'poultice method' for drawing out stubborn oil stains that have soaked into porous concrete and stone floors and wall tiles. Can be used on concrete, bluestone, granite, ceramic tiles, terracotta, marble, limestone and terrazzo.
PROBLEM SOLVER
Perfume | None pH Level | N/A Sizes available | 1L, 10KG

Disinfectants & Sanitisers*

Chloradet Super-active foaming cleaner and hospital-grade disinfectant that combines a caustic and bleaching action to rapidly remove all kinds of soil, fungi, mould and mildew from ceramic tiles, concrete, stainless steel, glass and porcelain. Excellent for pool areas, showers and kitchen floors.
Perfume | None pH Level | 12.6 – 14.0 Sizes available | 5L, 20L

CounterFlu A hospital-grade disinfectant and detergent with a powerful cleaning action that kills viruses including COVID-19 virus and flu virus, germs, and bacteria at the same time. It leaves any hard surface disinfected, clean and perfumed with a lasting citrus fragrance.
Perfume | Citrus pH Level | 7.0 – 8.0 Sizes available | 1L, 5L, 20L

Virattack A hospital-grade, peroxide-based disinfectant that efficiently kills germs and viruses, including COVID-19, herpes simplex and canine parvovirus. Perfect for hard surfaces, it comes as a fragrance-free, completely odourless concentrate and is hospital grade at 1:16 in dirty conditions. Ideal for hospitals, nursing homes, schools, animal facilities and more.
KILLS COVID-19 & PARVO VIRUS
Perfume | Odourless pH Level | 0.8 – 2.0 Sizes available | 5L, 20L

Graffiti Removers

Grab Very powerful solvent-type graffiti remover. It is water-emulsifiable so it can be rinsed away effectively with water. Ideal for use on walls and brickwork and anywhere else you would find paint and ink graffiti. Not to be used on painted surfaces or aluminium metal.
FOR OUTDOOR USE
Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L

Graffiti Remover Odour-free, non-caustic product that will dissolve paint, ink and other graffiti from metal, fibreglass, concrete and carpeted surfaces.
POPULAR CHOICE
Perfume | None pH Level | N/A Sizes available | 1L, 5L

Graffiti Wipe-Off Quickly removes graffiti from painted surfaces that could be damaged by more aggressive graffiti removers. Dissolves felt-pen, ballpoint pen and spray paint from a variety or surfaces excluding varnished material.
Perfume | None pH Level | N/A Sizes available | 1L, 5L

Furniture & Leather Upholstery Care

Leather Care A cleaner, conditioner and protector for fully pigmented smooth leather surfaces, such as leather lounge suites, leather upholstery in motor cars, handbags, jackets, shoes and boots. Leaves a wax-rich film that impregnates the leather to both improve the sheen and moisturise. Not suitable for suede, nubuck, aniline-leathers or unfinished-leathers.
Perfume | Spice pH Level | 8.7 – 9.7 Sizes available | 1L, 5L

Splendour A silicone and wax-based furniture polish that cleans, protects and polishes in one spray-wipe action. Useful for desks, chairs, tables, benches and counters. Splendour is lightly perfumed to leave surfaces smelling clean.
Perfume | Spice pH Level | 6.1 – 7.3 Sizes available | 1L, 5L

Low Impact Exterior Cleaner

Powerdet Eco Environmentally preferable and exceptionally low in aquatic toxicity, unlike standard detergents. It is ideal for cleaning surfaces near waterbeds or natural waterways such as rivers or the sea, as well as over land. For all outdoor cleaning.
GECA CERTIFIED
Perfume | None pH Level | 7.0 – 8.0 Sizes available | 5L, 20L

***For more fragrant disinfectant options, see No.3 – Disinfectants and Antibacterial Detergents in our colour coded range (page 5).**

SPECIALTY CLEANING

Metal Cleaners

Acid Wash A concentrated acid-based heavy duty cleaner for dissolving rust, scale and lime build-ups. It also contains detergent to remove oil contamination from surfaces being treated. Excellent for removing excess grout from ceramic tile floors, descaling dishwashing machines and for use as a Clean-In-Place (CIP) acid cleaner in food processing areas.

Perfume | None pH Level | 0.0 – 0.5 Sizes available | 5L

Mould Remediation

Mould-X A powerful mould extermination solution with a chlorine boost for enhanced performance. It destroys mould and mildew, as well as dirt and stubborn stains from hard surfaces both indoors and outdoors.

Perfume | None pH Level | 12.0 – 14.0 Sizes available | 5L, 20L

Odour Control

Country Garden Perfumed concentrate air freshener with lingering honey-suckle and rose scent. Will leave fragrance in air for days, putting an end to unpleasant odours. Ideal for washrooms and toilet blocks.

Perfume | Floral pH Level | N/A Sizes available | 1L, 5L

Freshaire A strong odour neutraliser as well as a detergent with antibacterial properties. It attacks and cleans away the odour and leaves a fresh lingering fragrance. Ideal for hospitals, nursing homes or facilities with offensive odours.

Perfume | Fruity pH Level | 4.6 – 7.5 Sizes available | 5L

Summer Citrus A powerful neutraliser of all unwanted odours. It has a beautiful citrus fragrance that lingers but is not overpowering. Ideal for use as an air spray deodoriser wherever unwanted odours are found.

Perfume | Citrus pH Level | N/A Sizes available | 1L, 5L

Super Deo After fire or flood damage, an excellent odour control agent is required. Strong pot-pourri perfume at a high concentration so it is very effective at masking and reodourising bad odours. Cleans any final residues and deodorises the carpet.

Perfume | Floral pH Level | 5.5 – 7.5 Sizes | 5L

Spa Cleaning

Spa Clean Cleans and sanitises spa bath pipes, removing fats, oils and debris. Spa Clean's germ killing properties protect your guests while providing a pleasant fresh scent.

Perfume | Apple pH Level | 9.5 – 11.5 Sizes available | 1L, 5L

Special Purpose Heavy Duty Detergents

Escalator Cleaner Fast-acting detergent for cleaning and degreasing escalator steps and travelators. Leaves metal surfaces bright and clean, doesn't tarnish or corrode aluminium and is low-foaming. Escalator Cleaner can be used in escalator cleaning machines, fixed brush devices and manually.

Perfume | Citrus pH Level | 12.5 – 13.5 Sizes available | 5L

Once Off Very concentrated, highly-alkaline hard surface cleaner/detergent. Made for cleaning ceramic, porcelain and quarry tiles that are difficult to clean. Use only periodically for restoration cleaning.

ULTIMATE TILE CLEANER

Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L

SD-37 Fast acting, powerful detergent suitable for a diverse range of degreasing and heavy duty cleaning tasks. It is lemon-scented and attacks oil, fat and dirt and easily washes it away.

Perfume | Lemon pH Level | 12.5 – 13.5 Sizes available | 5L

Vehicle Cleaning

Dirt-Off Excellent heavy-duty detergent for instantly removing all kinds of industrial dirt. Amazingly versatile and a pleasantly perfumed degreaser for use with mops, autoscrubbers, steam cleaners and pressure washers. Ideal for cleaning floors, pavements, equipment, paintwork, machinery, kitchens and the exterior of train carriages.

SAFE ON ALUMINIUM

Perfume | Spice pH Level | 12.5 –14.0 Sizes available | 1L, 5L, 20L

Nu-Glo A water-based, non-flammable polish and protectant. It possesses a wide array of uses including rubber, vinyl, plastic and finished leather surfaces. As oxidation and the effects of ultraviolet light can damage such surfaces, Nu-Glo leaves a rich coating of silicone oils on the surface which repels these harmful external agents.

Perfume | Lavender pH Level | 9.0 – 10.5 Sizes available | 500ml, 5L

Portacare Sanitiser waste tank additive for portable toilets, sewage holding tanks and sanitary pan systems. Contains an effective germ killing agent to control bacteria, together with a deodoriser and perfume to help control odours. Strong blue colour masks any waste tank contents.

MASKS ODOURS

Perfume | Citrus pH Level | 11.1 – 11.5 Sizes available | 1L, 5L, 20L

React A fast-reacting, powerful detergent suitable for a diverse range of degreasing and heavy duty cleaning tasks. It is safe on aluminium and is especially effective on particulate soils like smoke and road dirt.

SAFE ON ALUMINIUM

Perfume | Sweet pH Level | 11.0 – 11.5 Sizes available | 5L, 20L

Truck Wash Powerful cleaner for removing road dirt, oil and carbon from trucks, cars and buses. Also great for removing grime from exterior building walls. Free rinsing, contains biodegradable surfactants and non-rusting.

Perfume | None pH Level | 9.0 – 10.5 Sizes available | 5L, 20L, 200L

PERSONAL CARE

Choose from a selection of luxurious and quality hand and body washes with Agar's range of Personal Care products. Each product is formulated to be soft and gentle on the skin with nourishing ingredients used across the range including aloe vera, wheat germ oil, vitamins and glycerine.

Body Wash & Hair Shampoo

Ambergold Premium quality body wash and conditioning shampoo with an excellent skin cleansing action that lifts soils whilst remaining mild and gentle to the skin. The luxurious foam rinses easily leaving skin feeling soft and enriched and the hair silky, conditioned and manageable.

Perfume | Fruity Floral pH Level | 5.3 – 6.0 Sizes available | 5L

Your PB A gentle all-in-one body wash and hair shampoo that effectively cleanses and conditions the skin and hair. Its balanced pH, mild cleansing action, and contains biodegradable surfactants that make it suitable for everyday use. Your PB contains aloe vera, provitamin B5, and other safe ingredients to leave the skin feeling soft and clean.

Perfume | Sweet pH Level | 5.5 – 6.1 Sizes available | 5L, 20L

Foaming Hand Soap

Double Bubble A non-thickened liquid hand soap that provides a rich foam lather. Very economical to use.

YOU'LL LOVE IT!

Perfume | Floral pH Level | 5.0 – 6.0 Sizes available | 5L, 20L

Foaming Hand Wash An environmentally preferable, non-thickened liquid hand soap that provides a rich foam lather.

GECA CERTIFIED

Perfume | Sweet pH Level | 5.0 – 6.0 Sizes available | 5L

Handpass Antibacterial foaming hand cleanser that produces a rich lather and kills germs. It contains premium-grade mild cleansers to float away dirt and grime. No added perfume. Suitable for food handlers.

SUITABLE FOR FOOD HANDLERS

Perfume | None pH Level | 5.5 – 7.0 Sizes available | 5L

Hand Sanitiser

Cool Tide An instant hand sanitiser that can be used without water. Provides long lasting moisturising for soft and smooth feeling hands, whilst killing 99.9% of germs. The formula is rinse-free and non-sticky. Ideal for workplaces where quick hand sanitisation is needed.

EASY ON YOUR SKIN

Perfume | Subtle Floral pH Level | 5.0 – 7.5 Sizes available | 500ml, 5L

Industrial Hand Wash

Tools Down Professional workshop hand cleaner for removing all types of tough, industrial soils such as oil, grease, tar, sealants, soot, dirt and paint.

Perfume | Citrus pH Level | 8.5 – 9.5 Sizes available | 750ml, 5L

Mechanix A liquid hand cleanser prepared using an advanced formula that contains porcelain microspheres which make it robust enough to cut through the toughest industrial soil, yet gentle enough to look after the skin. After using Mechanix, you will find your skin is left feeling soft, clean and moisturised. Contains no poly beads.

Perfume | Citrus pH Level | 8.0 – 9.5 Sizes available | 5L

Liquid Soaps

Garland A premium quality hand cleanser for use where regular hand washing is required. A rich lather floats soil from the hands leaving skin feeling clean, soft and supple. Added vitamins in Garland enrich and care for the skin so it can be used throughout the day.

Perfume | Floral pH Level | 5.2 – 6.0 Sizes available | 500ml, 750ml, 5L, 20L

Microsan Antibacterial thick lotion hand cleanser that produces a rich lather and kills germs on the skin. It contains aloe vera, wheat germ oil and glycerine to enrich and care for the skin. It is low in perfume and suitable for use by food handlers.

ANTI BACTERIAL

Perfume | Floral pH Level | 5.5 – 6.0 Sizes available | 5L

Royal Wave A thick liquid hand soap that provides a rich lather, floating away dirt and grime to leave the skin soft and supple. Formulated without added colour, it is a pearlescent white liquid and great option for organisations that prefer colour-free hand soap.

COLOUR FREE

Perfume | Floral pH Level | 5.3 – 6.0 Sizes available | 5L

Silvan Premium quality liquid hand cleanser. Perfume free and ideal for use in food preparation areas. Contains pro-vitamin B5 and glycerine to enrich and care for the skin.

PERFUME FREE

Perfume | None pH Level | 5.3 – 6.0 Sizes available | 500ml, 5L

FLOOR CARE

Get a beautiful lasting finish with Agar's Floor Sealing Systems. Formulated to minimise the need to strip and seal floors, the range improves productivity and reduces associated costs. Agar Cleaning Systems has been specialising in Floor Care Systems for over 55 years, consistently producing formulations that provide excellent results. The diverse range includes products to suit different maintenance programs as well as degrees of traffic, resilience, hardness, and porosity, to ensure there is a solution to suit every floor.

Base Sealers

First Base Versatile chemical-resistant base coat sealer ideal for concrete, wood and especially porous terrazzo. The sealed surface becomes resistant to spills and protects against traffic wear. It is a water-based and semi-permanent sealer, suitable for outside use and can be top-coated with other Agar sealers.

pH Level | 7.5 – 9.5 **Sizes available | 5L, 20L**

Sealer Finishes

3D-Gloss Super-glossy sealer finish with premium ingredients for vinyl tiles and other hard floors. It buffs up easily under UHS buffing machines to create a crystal-clear dazzling gloss. Tough and hard-wearing, non-slip, colourless and scuff-resistant. Excellent top-coat for terrazzo.

INDUSTRY LEADER

pH Level | 8.4 – 9.4 **Sizes available | 5L, 20L**

Duro A versatile premium grade all-in-one sealer and finish suitable for all types of floors. Gives excellent gloss, wear and resists scuffing and scratching. Ideal for flexible sheet vinyl and rubber, timber and vinyl tiles.

pH Level | 8.2 – 9.0 **Sizes available | 5L, 20L**

Super Nova A super-glossy, rock-hard sealer that holds its shine even without buffing. Its glossy appearance lasts exceptionally well because it repels scuffs, scratches and traffic marks, making it ideal for use on floors that are not buffed.

NO BUFFING

pH Level | 8.3 – 9.5 **Sizes available | 1L, 5L, 20L**

Tuff Gloss Uses advanced polymer technology to create a dual action sealer-finish that is both ultra-durable and beautifully glossy. Its high scratch resistance and easy scratch repair means that it maintains its shine, extending the time between strip and seals. Straight off-the-mop it provides a stunning 'wet look' that buffs up quickly. With extra-high solids, Tuff Gloss requires fewer coats and is fast and easy to lay. Ideal for use on terrazzo, vinyl, marble, wood and polished concrete.

pH Level | 8.0 – 9.0 **Sizes available | 5L, 20L**

Cutting Back for Recoat

Florprep A break-through detergent designed specifically for scrubbing back floor polish. Ideal for removing polish topcoats and dirt from floors prior to re-coating. It leaves a smooth, clean base for new coats to go over.

pH Level | 12.0 – 13.0 **Sizes available | 5L, 20L**

Specialised Sealers

Matte Finish Sealer A tough, hard-wearing, water-based floor sealer that dries to a low-sheen finish. Perfect for architects looking to cut down on sun-glare. Protects floors, requires minimal stirring and is easy to lay. Full strippable.

pH Level | 8.0 – 9.0 **Sizes available | 5L**

Stone Block A penetrating sealer that applies an invisible and breathable barrier within the micro-porous surface of all uncoated, natural stones, pavers and tiles in order to maintain their original appearance. The invisible barrier helps to block dirt, stains and spills from penetrating the surface so that they can be easily washed away.

pH Level | 4.0 – 6.0 **Sizes available | 5L**

Spray Buff

Spraybuff C A non-residual cleaner and sealer repairer. Using Spraybuff C while buffing allows a sealer to re-level, and repairs damage from daily wear, marking and scuffing. Spraybuff C facilitates soil removal without residues.

Perfume | Fruity **pH Level | 8.8 – 10.5** **Sizes available | 5L**

Neutraliser

Neutraliser Effective solution for neutralising alkaline residues after stripping hard floors to return the pH level to an acceptable, neutral value.

Perfume | None **pH Level | 2.0 – 3.0** **Sizes available | 5L**

© Agar Cleaning Systems Pty Ltd 2025 ABN 80 004 726 890

FLOOR CARE

Sealer Removers

Demolish A super-concentrated floor stripper that has been specially formulated to rip through the toughest, oldest, and most stubborn of floor polishes. It is easy to work with, low odour, water soluble and safe for use on sealed terrazzo, marble, granite, polished concrete and vinyl sealed floors. Use at a higher concentration for a super powered stripper or dilute down for an economical formula.

SUPER POWERFUL

pH Level | N/A **Sizes available | 5L, 20L**

STR-36 Concentrated stripper for cutting through old films and build-ups of hardened floor sealer. Ideal for stripping semi-permanent sealer base-coats which are resistant to normal strippers.

pH Level | 12.5 – 13.5 **Sizes available | 5L, 20L**

Ultrastrip Odourless, fast-acting and highly effective, Ultrastrip will remove old sealer and is particularly good for stripping floor edges. Ideal for general stripping needs.

pH Level | 11.5 – 14.0 **Sizes available | 1L, 5L, 20L**

Daily Cleaning Detergents

Autoscrub Designed for scrubbing acrylic sealed floors and other hard surfaces. Low foaming formula makes it excellent for autoscrubbing. Enhances and extends the life of the floor sealer.

Perfume | Pine **pH Level | 9.0 – 11.0** **Sizes available | 5L, 20L**

Fresh Mop Designed for mopping all floors, it will not streak on glossy stone floors or polyurethane-sealed timber floors.

Perfume | Lemon **pH Level | 9.5 – 10.8** **Sizes available | 5L, 20L**

pH-7 Environmentally preferred detergent that is perfectly suited for both floors and general cleaning. Citrus-based, it is safe on marble, terrazzo and other alkali-sensitive surfaces.

GECA CERTIFIED

Perfume | Orange Peel **pH Level | 6.6 – 8.0** **Sizes available | 1L, 5L, 20L**

Floor Maintainers

Autobrite A cleaner and sealer in one. Ideal for unsealed floors, Autobrite leaves a micro-film of high-quality buffable sealer on vinyl, marble, terrazzo and timber floors. Its detergents will remove all types of routine soil, leaving floors clean and shiny. Only for low-speed buffing. Use Scrub 'N' Shine for sealed floors.

Perfume | None **pH Level | 9.4 – 10.4** **Sizes available | 5L**

Scrub 'N' Shine A powerful detergent for polished floors that has a useful 2-in-1 action: it both cleans the floor and replenishes the surface with hard-wearing polish. Regular use will prolong the life of the film of polish on the floor and maintain a beautiful glossy surface. For UHS buffing.

RESTORES FLOOR POLISH

Perfume | None **pH Level | 9.0 – 10.0** **Sizes available | 5L, 20L**

Shinywash A pine-scented floor cleaner which simultaneously cleans and shines the floor's surface. It removes all types of routine floor soilage from vinyl, timber, linoleum and stone floors. Designed for damp-mopping and autoscrubbing and will leave the floor clean and ready for buffing to a very high finish.

Perfume | Pine **pH Level | 9.5 – 10.6** **Sizes available | 5L**

Sympol A unique system utilising the daily autoscrubbing process for washing and maintaining the sealer film on the floor in one step. The floor is then buffed which quickly yields a super-glossy shine. Sympol offers large potential savings by eliminating strips and seals.

Perfume | None **pH Level | 9.2 – 10.0** **Sizes available | 5L, 20L**

***UHS: Ultra High Speed**

CARPET CLEANING

Rely on Agar's range of specialised Carpet Cleaning products to produce a brilliant clean every time. Built on superior formulations, these concentrated cleaners offer dependable performance and great value. The range includes stain removers, pre-sprays, Hot Water Extraction (HWE) formulations, treatments and upholstery care products to provide a solution for every task. Revitalise the oldest and dirtiest of carpets with Agar's professional cleaning products.

Pre-Spraying & HWE Formulations

Amazon G5 New superior formulation, Amazon G5 cleans carpets faster and achieves better results than ever before. The carpet powder detergent, designed for use with HWE machines, has more alkaline reserves to attack really dirty carpets such as in restaurants and pubs. Now a yellow powder with a floral perfume, Amazon G5 has new low-foaming ingredients which minimise foam in the recovery tank and improve productivity.
Perfume | Citrus pH Level | 11.5 – 12.5 Sizes available | 1KG, 8KG

Citrus Extra Contains biodegradable surfactants, no added phosphates with natural citrus-based ingredients, Citrus Extra is a new-generation pre-spray liquid detergent for HWE carpet cleaning, in compliance with AS 3773. It is safe for general purpose use. The Citrus Extra solution is applied direct to the carpet while only water is used in the solution tank. Citrus Extra is low alkaline, low-foaming and free rinsing.
Perfume | Citrus pH Level | 9.8 – 10.8 Sizes available | 5L, 20L

Exit A liquid detergent formulated for use in the tank of HWE carpet cleaning equipment. With a concentrated, fast-acting blend of surfactants and controlled pH, Exit provides safe, effective cleaning. The popular, lingering perfume leaves a great impression.

EASY TO USE!

Perfume | Rose pH Level | 9.0 – 10.0 Sizes available | 1L, 5L, 20L

Green 'N' Gold An environmentally preferable detergent for cleaning carpets by HWE. It contains fast-acting cleaning agents and is pH controlled to be safe to use on 100% wool carpets, nylons and all washable synthetic fibres.

GECA CERTIFIED

Perfume | Citrus pH Level | 5.5 – 7.5 Sizes available | 5L

Solspray A versatile liquid cleaner which can be used on carpet. It's moderate pH is ideal for pre-spotting, pre-spraying and in-tank HWE applications. Concentrated solvents and surfactants make Solspray ideal for greasy or oily soilage. Excellent for troublesome nylon carpet.
Perfume | None pH Level | 10.0 – 11.0 Sizes available | 5L, 20L

Other Cleaning Methods

Bonnet Cleaner A premium liquid detergent for cleaning all types of carpet by the rotary bonnet method. Fast-reacting and quick drying, it offers exceptional value for money. Ideal interim cleaning method between full extraction cleans.
Perfume | Floral pH Level | 8.5 – 9.5 Sizes available | 5L

Cap-It-Off An encapsulation cleaner that can be used on all types of carpet and fabric upholstery. The latest technology has gone into making Cap-It-Off; this product dissolves and encapsulates soil so that it never redeposits on the carpet fibres. The used solution dries to a crystalline residue which is easily removed from the fibres when vacuuming. It is fast reacting and ideal for use on busy commercial carpeted floors where the time and labour for cleaning is limited.
Perfume | Floral pH Level | 8.0 – 10.0 Sizes available | 5L

Carpet Shampoo A concentrated dry foam shampoo for rotary machines or spot cleaning. Hydrocarbon solvents attack soilage while very high stable foaming and soil retarding resins lift the soil out of the carpet for vacuum pick-up once dry in a very powerful cleaning action. A fruity perfume finishes the job off nicely.
Perfume | Fruity pH Level | 8.0 – 9.0 Sizes available | 5L

Foam Control

Antifoam A super concentrated silicone defoaming agent. Add a few drops to your recovery tank to prevent foam from reducing valuable capacity.
Perfume | None pH Level | 7.0 – 8.0 Sizes available | 1L, 5L

CARPET CLEANING

Spotters & Stain Removers

Amsolve A super effective stain remover for hard to shift spots and spills caused by orange juice, soft drinks, wine, blood and protein-based foodstuffs such as milk, egg, ice-cream and chocolate. Amsolve is also excellent for cleaning and restoring rundown, traffic soiled synthetic fibre carpets.

Perfume | None **pH Level | 11.6 – 12.7** **Sizes available | 500ml, 5L**

Carpet Spotter B Carpet stain removal solvent. Suitable for removing adhesive tape marks, cosmetics, Lysol, oil stains and some types of ink stains from carpet and hard surfaces.

Perfume | None **pH Level | N/A** **Sizes available | 5L**

Coffee Stain Remover Super powerful 2-part peroxide based product for attacking stubborn coffee and red wine stains.

A **Perfume | None** **pH Level | 11.3 – 12.5** **Sizes | 500ml**
B **Perfume | None** **pH Level | 1.0 – 3.5** **Sizes | 500ml**

Cure A highly effective stain remover for those stubborn cordial, fruit juice, pet and urine stains.

Perfume | None **pH Level | 10.0 – 13.0** **Sizes available | 500ml**

G-Solve A breakthrough formula that provides an excellent general cleaning solvent and carpet spotter that dissolves grease, oil, tar and some kinds of ink while remaining non-flammable.

Perfume | None **pH Level | 6.0 – 7.5** **Sizes available | 500ml, 1L, 5L**

Rustex A fast-acting treatment for removing rust stains from carpets. Rustex dissolves the iron hydroxide salts that are present in rust and enables the stain to be rinsed free from the carpet fibres. HF acid formula. Exercise extreme caution, handle with care.

VERY VERSATILE

Perfume | None **pH Level | 2.0 – 3.0** **Sizes available | 500ml**

Spot Wiz Versatile, effective general purpose carpet spotter with citrus-based ingredients. Comes in handy spray packs. Spot Wiz is ideal for distribution to all cleaners for immediate use on spots and spills. Also ideal for household use.

Perfume | Citrus **pH Level | 9.5 – 10.5** **Sizes available | 750ml, 5L**

Tannex An effective mild-acid carpet spotter for removing stains caused by tea, coffee, beer, urine, berry and red wine spillages. Ideal for treating water stains and jute stain browning. The mild acidity of Tannex is useful for neutralising alkaline treatments like Amsolve and Exit.

Perfume | None **pH Level | 0.2 – 2.0** **Sizes available | 500ml, 5L**

U-Remove An advanced stain and odour remover that uses biologically active ingredients to digest organic soilage and uric salts. It can be used on a variety of surfaces including carpets, underlay, mattresses, curtains, fabrics and artificial turf. Its pleasant fresh fragrance helps mask unwanted smells while its good bacteria continue to digest the stains until they are completely gone.

Perfume | Fresh **pH Level | 5.0 – 9.0** **Sizes available | 750ml, 5L**

Treatments

Anti-Static Carpet Spray Easy-to-apply carpet treatment that prevents static electricity from building up in carpet fibres.

NEW FORMULA

Perfume | Floral **pH Level | 6.5 – 8.0** **Sizes: | 5L**

Browning Treatment A powerful solution for removing cellulosic browning stains and watermarks from all types of carpet and upholstery. Browning Treatment is a mild acid which leaves no residues. Its mild acidity neutralises residues from alkaline detergents.

Perfume | None **pH Level | 3.0 – 4.9** **Sizes available | 5L**

Everfresh Concentrated liquid formulated for sanitising and removing bad odours from carpets. Ideal for use on stain-resistant carpets where ordinary deodorisers cannot be used. Leaves a lingering spice fragrance.

Perfume | Spice **pH Level | 5.0 – 7.0** **Sizes: | 5L**

Neutraliser A powerful solution for neutralising alkaline residues in carpets and hard floors to return the pH level to an acceptable, neutral value. It is also a great browning treatment for removing cellulosic browning stains caused by overwetting, flooding or alkaline reactions in carpets or upholstery.

Perfume | None **pH Level | 2.0 – 3.0** **Sizes available | 5L**

Protector A high-quality water-based fabric protector. Suitable for fabric upholstery, drapes, rugs and carpet. Protector forms an invisible barrier to soil and stain around the fibres. Spillages clean up easily and the fabric stays cleaner and brighter for longer.

Perfume | None **pH Level | 3.5 – 6.0** **Sizes available | 5L**

Pre-Soak Powder A chlorinated alkaline powder, free flowing and non-toxic. Dissolves food residues and teacup stains.
Perfume | None pH Level | 11.5 – 13.0 Sizes available | 5KG, 10KG

Rinse Aid A concentrated rinsing agent to eliminate streaking and spotting. Used in the final rinse spray in dishwashing machines, it also speeds up drying.
Perfume | None pH Level | 3.5 – 5.0 Sizes available | 5L, 15L, 20L

Dishwashing Dispenser

We select from the latest in dispensing technology and favour simple, reliable designs to provide customers with accurate, dependable dispensing. Systems can be set up to dispense Agar's Autodish and Rinse Aid products for a seamless wash every time.

Manual Ware Washing

Dish-Kleena A GECA-certified, plant-based and high-foaming neutral detergent. It offers an exceptional clean that sparkles on glass, china, and metal surfaces and leaves hands feeling soft. It is economical to use, with a subtle lemon fragrance to delight your senses.
GECA CERTIFIED
Perfume | Subtle lemon pH Level | 7.0 – 8.5 Sizes available | 5L

Dishwash Gold High-foaming neutral detergent for handwashing dishes, glasses, utensils, cutlery, and pots and pans. It can be used with glass, china and metal surfaces. It is perfume-free as required for food processing works.
PERFUME FREE
Perfume | None pH Level | 7.0 – 8.0 Sizes available | 5L, 15L

Lift Designed for dish and pot washing in the sink, this is a very versatile neutral detergent. Lift is a concentrated emulsifier with good foam height. Excellent for removing large quantities of greasy, fatty soil from even the most sensitive of surfaces. It will also clean floors, walls, utensils, paintwork, and more.
Perfume | Lemon pH Level | 8.0 – 9.5 Sizes available | 1L, 5L, 15L, 20L

Floor Cleaning

Active Break A powerful, non-perfumed cleaner for the removal of fats and oils from walls, floors and equipment in food processing areas. It can be applied by the spray-and-wipe method or by mopping or hand-scrubbing.
Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L, 20L

Chloradet Super-active foaming cleaner and hospital-grade disinfectant that combines a caustic and bleaching action to rapidly remove all kinds of soil, fungi, mould and mildew from ceramic tiles, concrete, stainless steel, glass and porcelain. Excellent for pool surrounds, showers and kitchen floors.
Perfume | None pH Level | 12.6 – 14.0 Sizes available | 5L, 20L

Presto As well as being a heavy-duty floor cleaner, Presto is excellent in food preparation areas, showers, barbeques or any other area where surfaces and fittings are soiled with organic fats, oil, grease, soap scum and so on.
Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L, 15L

React Fast-reacting, non-caustic, powerful detergent, suitable for a diverse range of degreasing and heavy duty cleaning tasks. It is especially effective on particulate soils like smoke and is suitable for use on all washable surfaces including aluminium. Excellent kitchen cleaner.
Perfume | None pH Level | 11.0 – 11.5 Sizes available | 5L, 20L

FOOD SERVICE

Kitchen Cleaning & Sanitising

Active Break A powerful, non-perfumed cleaner that tackles tough kitchen grease and grime, from countertops and stovetops to ovens and rangehoods. Its versatile formula works with spray-and-wipe, mopping, or hand-scrubbing methods, making it suitable for floors as well.
Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L, 20L

Cold King A ready-to-use powerful alkaline detergent designed for cleaning hard surfaces in walk-in freezers and cool rooms. It can be used on floors, walls, and racking.
Perfume | None pH Level | 10.5 – 11.5 Sizes available | 5L, 20L

Foam Up A dual cleaner and sanitiser designed to provide a rich, stable foam that clings to vertical surfaces. It is very effective for removing fats, proteins and oils from all hard surfaces in food-processing facilities. Ideal for foam guns.
Perfume | None pH Level | 9.5 – 11.0 Sizes available | 5L, 20L

HygieniCLEAN Water-based sanitising and cleaning agent that kills germs and leaves food preparation surfaces hygienically clean. Versatile general purpose product – for use on tables as well.
Perfume | None pH Level | 9.5 – 11.3 Sizes available | 5L, 20L

Jackpot A high foaming, non-caustic powerful detergent designed for use with foam guns, foam systems and pressure washers. Concentrated, water-based and safe on aluminium.
Perfume | None pH Level | 11.0 – 11.5 Sizes available | 5L, 20L

Powerquat A highly concentrated sanitiser based on twin-chain quaternary ammonium compound. It offers strong and versatile sanitising with applications in surface disinfection, including bacteria, mould and algae. It can be used at 1:250 for a safe, odourless and rinse-free sanitising of metal food processing equipment.
Perfume | None pH Level | 6.0 – 8.0 Sizes available | 5L

Ready-2-Go A ready-to-use sanitiser for use in all food processing areas. Rinse free and food safe. Leaves a non-toxic film on surfaces that prevents bacteria growth.
Perfume | None pH Level | 6.0 – 7.8 Sizes available | 750ml, 5L

RF-12 A sanitiser concentrate for use in all food processing areas. When correctly diluted, RF-12 solutions do not need to be rinsed off.
RINSE FREE
Perfume | None pH Level | 2.5 – 7.8 Sizes available | 5L, 20L

Single Step Concentrated, food-grade cleaning and sanitising detergent for use in all kitchen and food-processing areas. It is designed to remove food products from all hard surfaces and kill germs at the same time. Rinse-free at 1:90.
Perfume | None pH Level | 6.0 – 8.0 Sizes available | 5L, 20L

VisChlor A high-strength foaming dual-action cleaner and sanitiser with powerful alkalinity for use in food-processing facilities. It quickly dissolves oil, hardened fats, protein, starch, grease, smoke and food residues from hard, washable surfaces.
Perfume | None pH Level | 12.6 – 14.0 Sizes available | 5L, 20L

Oven & Grill Cleaners

Combi-Oven Cleaner A fast-acting detergent for removing fat, grease, carbon and food residues from combination steamer ovens. Do not apply to aluminium or painted surfaces.
Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L

Grill Clean Powerful fast-acting liquid for dissolving fat, carbon and baked-on food residues. Keeps ovens, ranges, grills and hotplates in commercial kitchens hygienically clean.
VERY POPULAR
Perfume | None pH Level | 13.5 – 14.5 Sizes available | 5L, 15L

Kooka-Kleena Designed for removing fat, grease, carbon and burnt on food residues from ovens, grills, hotplates and deep fryers. Non-caustic.
Perfume | None pH Level | 11.0 – 14.0 Sizes available | 5L

Sizzle Caustic based detergent for removing fat, grease, carbon and burnt-on food residues from ovens, grills, hotplates and deep fryers. Mid-range product, economically priced.
Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L

FOOD & BEVERAGE

Food & Beverage Production Facilities

Protect the quality of your produce and ensure excellent hygiene standards for your facility with Agar's range of Food and Beverage cleaning products. Specially formulated to provide highly effective control over microbes, Agar's chemicals are fast-acting and reliable.

The range of products includes a variety of heavy duty cleaners, antimicrobials and clean-in-place (CIP) products that provide excellent cleaning power and consistent sanitation results. For further information on specific products please contact Agar or a distributor.

Sanitising

Food and beverage facilities rely on chemicals to ensure the safety of the products that they manufacture and handle. Agar's sanitising products are highly effective antimicrobials that kill a wide variety of microbes.

The range includes products with different active ingredients for sanitation to ensure preference is achieved. Some products also provide a dual cleaning and sanitation action while others provide rinse-free options. Our chemicals are available for a range of industries including abattoirs, butchers, bakeries, fruit and veg producers and more.

Clean in Place (CIP) Products

CIP cleaning requires specialist products formulated to effectively clean and sanitise surfaces inside plant and pipework which can't be dismantled.

Agar manufactures products that effectively kill microbes and remove a variety of soil including food residues, fats, oils, proteins and mineral deposits from a range of surfaces. Specifically designed to be low-foaming, free-rinsing and safe for use on food processing surfaces, the products provide fast and effective cleaning and sanitation.

Heavy Duty Cleaning

As cleaning is a major part of a food and beverage facility's daily routine, cleaning products need to be fast, effective and heavy duty to get the job done efficiently. Agar's high performance cleaners are formulated to break down fats, oil, grease and soil quickly and effectively to improve productivity and get great results fast.

Hook Cleaning Products

Clean, sanitise and protect metal hooks, utensils and surfaces with Agar's range of hook products. Composed of three products each formulated to complete a specific task, the range provides an effective system for ensuring plant hygiene, food safety and the longevity of equipment.

LAUNDRY PRODUCTS

Get a brilliant clean every time with Agar's range of Laundry Products. Incorporating before the wash bleaches and presoaks, machine washing products and special treatments, there is a solution to clean and brighten even the toughest of washes. Agar's laundry detergent powders and liquids are super-concentrated with only a small dose needed per wash.

Before the Wash

Pre-Soak Powder Chlorinated pre-soak detergent powder for garments. Safe and effective bleaching action. Powerful cleaning is combined with germ destruction so items come out clean, bright and sanitised.

Perfume | None pH Level | 11.5 – 13.0 Sizes available | 5KG, 10KG

Safety Bleach A blended sanitising powder based on safe oxygen bleach. No added phosphates. Excellent for pre-soaking, bleaching and sanitising of general clothing and nappies. Safe on coloured fabric.

Perfume | None pH Level | 10.8 – 11.8 Sizes available | 10KG

Top Loaders & Front Loaders

Blue Active Uses a powerful cleaning and brightening action while being safe for washing all cottons, coloureds, whites, washable synthetics and blends. Working in both hot and cold water, Blue Active powder is suitable for both front-loaders and top-loaders. Contains biodegradable surfactants, enzyme stain-removers, with no added phosphates and antibacterial, and leaves a lingering fresh scent.

Perfume | Citrus pH Level | 11.6 – 12.6 Sizes available | 5KG, 10KG, 25KG

Flair Effective and economical powder laundry detergent. Handles the dirtiest loads with hot or cold water. Contains carefully blended ingredients to provide excellent soil and stain removal, and has excellent water softening, brightening and perfuming qualities. Industrial strength. No added phosphates.

Perfume | Citrus pH Level | 11.5 – 12.5 Sizes available | 5KG, 15KG, 25KG

Taurus Concentrated liquid machine laundry detergent. Safe on all machine washable fabrics. Effective on the heaviest of soil in hot or cold water. Contains optical brighteners to restore the brilliance of colours and a fresh fragrance.

Perfume | Sweet pH Level | 9.5 – 10.5 Sizes available | 5L, 20L

Laundry Dispenser

Use automatic dispensers to increase efficiency and reduce waste in industrial laundries.

The system can be set up to dispense any combination of products.

Commercial Laundry Machine Washing

Laundry Break Heavy-duty alkaline detergent. Ideal for use as a breakwash to prevent protein soils from setting. It has very good emulsification and suspension properties to leave washed articles cleaner and brighter. Do not use on wool or silk.

Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L, 15L

Laundry Brightener Concentrated laundry bleach based on peroxide. Provides safe bleaching for the removal of a wide range of spots and stains without affecting the fabrics or colours. It is suitable for use on cotton, polycotton, wool, silk and synthetics, both white and coloured.

Perfume | None pH Level | 2.5 – 6.0 Sizes available | 5L

Laundry Detergent Surfactant rich liquid detergent. Used as the main detergent component in the wash cycle. It is suitable for cleaning heavily soiled laundry including whites, coloureds, cottons and synthetics.

Perfume | None pH Level | 10.5 – 11.5 Sizes available | 5L, 20L

Laundry Emulsifier A surfactant and detergent-rich liquid emulsifier made for use in industrial, institutional and commercial laundries. Works by emulsifying soils, breaking down fats and removes greasy substances from fabrics.

Perfume | None pH Level | 6.0 – 8.0 Sizes available | 5L, 15L

Laundry Sour Concentrated fabric finishing agent. It is mildly acidic to neutralise any traces of alkalinity in the fabrics. By restoring pH to the correct level, the washed articles are conditioned for the finishing process such as drying and ironing. Is suitable for use on all fabrics and both whites and coloureds.

Perfume | None pH Level | 0.0 – 2.0 Sizes available | 5L

Sodium Hypochlorite A solution of sodium hypochlorite in water with an available chlorine content of 12.5% when packed. It offers a very effective method of killing germs and destroying stains in the wash.

Perfume | None pH Level | 12.0 – 13.0 Sizes available | 5L, 20L

Sour Softener Improves the feel of washed fabrics by imparting a softness and bulkiness to the fibres and it simultaneously neutralises any alkaline residues.

Perfume | Fresh pH Level | 0.5 – 2.0 Sizes available | 5L, 20L

Special Treatment

Fabric Softener Added to the rinse water, Fabric Softener gives softness and body to all garments. Also stops static 'cling' in synthetics when they are dried.

Perfume | Floral pH Level | 2.0 – 4.5 Sizes available | 5L, 20L

Wool Wash Gentle detergent for removing soil from woollen textiles including blankets.

Perfume | Lavender pH Level | 5.0 – 7.0 Sizes available | 5L

GREEN CLEANING RANGE

At Agar, we understand the growing concerns surrounding the environment and the importance of adopting environmentally preferable practices in every aspect of our lives. As a responsible and innovative company, we are proud to present our cutting-edge Green Cleaning Range – a perfect blend of uncompromised cleaning power, sustainable ingredients, and efficient practices, all tailored to ensure a healthier, greener, and cleaner world for future generations.

The Benefits of Green with Agar

- ✓ Reduces environmental impact
- ✓ Reusable & recyclable packaging
- ✓ Independently certified
- ✓ Contains biodegradable surfactants
- ✓ Socially responsible
- ✓ Safe for operators
- ✓ Highly effective products
- ✓ Colour coded
- ✓ Non-toxic
- ✓ Chlorine free
- ✓ No added phosphates

GECA Certified Products

All products in Agar's Green Cleaning Range have been independently certified through Good Environmental Choice Australia (GECA), Australia's most stringent and highly regarded ecolabelling program.

Using products certified by GECA provides confidence for clients requesting the highest standard of environmentally preferable solutions.

GECA is an independent, not-for-profit organisation and is internationally recognised as the only program in Australia that is a member of the Global Ecolabelling Network.

GECA has no ties to the cleaning industry and funnels all its proceeds back into producing ecolabelling programs.

GECA's standards for commercial cleaning products are more rigorous than any other Australian ecolabelling program and are extremely difficult to achieve.

GECA not only takes into account product factors, such as the ingredients used, but also the health effects of using each product and the social impacts of manufacturing it.

By choosing our Green Cleaning Range, not only do you contribute to preserving the environment, but you also save money while still maintaining the highest standards of cleanliness, making it the perfect choice for those looking for more sustainable operations with minimal environmental impact.

GECA Accreditation Requirements

- Use only GECA accepted raw materials
- Products to provide excellent performance
- Surfactants that are proven to be biodegradable both in the presence and absence of air
- Packaging is proven to be recyclable and displays the recycle logo
- The company has proven to be environmentally responsible, i.e. has not infringed any EPA regulations

Reducing our Carbon Footprint

- Producing concentrated products that reduce packaging, water and water consumption
- Phasing in more efficient fleet vehicles and consolidating freight loadings to reduce the number and extent of journeys
- Identifying and eliminating unnecessary use of energy, including lighting, computers and appliances, and heating and cooling

Pollution Minimisation

- Process & waste control
- Reuse & recycle packaging
- Minimising toxicity at all levels
- Recyclable dispenser bottles

GREEN CLEANING RANGE

All Purpose & Floor Cleaners

pH-7 A mild detergent designed to effectively clean all surfaces including alkali-sensitive ones, such as terrazzo, marble or ceramic tiles. This citrus-boosted and highly concentrated formula offers cost-effective cleaning performance and is verified to comply with the highest environmental standards.

Perfume | Orange Peel pH Level | 6.6 – 8.0 Sizes available | 1L, 5L, 20L

Spruce Environmentally preferred multi-purpose detergent for all washable hard surfaces. Hypoallergenic and promotes good indoor air quality. If you can only use one product for everything, this is it.

Perfume | Vanilla pH Level | 8.2 – 9.5 Sizes available | 5L

Spray & Wipe Cleaner

Citra-Mist A highly effective and fast-working spray and wipe cleaner which dissolves and removes soilage from all hard surfaces. It is made using organic, renewable ingredients and is great value for money; diluting up to 1 in 20.

Perfume | Citrus pH Level | 9.0 – 11.0 Sizes available | 1L, 5L, 20L

Disinfectant & Antibacterial Detergent

Kuranda A specially formulated commercial-grade disinfectant that is boosted with a detergent for maximum cleaning power. Not only will it leave surfaces clean and disinfected, but also freshened with a delightful floral fragrance.

Perfume | Sweet floral pH Level | 5.8 – 6.5 Sizes available | 5L, 20L

Shower & Toilet Cleaners

Fresco All-purpose washroom detergent. A powerful formula based on natural plant-derived acids and surfactants that will clean toilets, showers, baths, basins, urinals, ceramic tiles and fittings. Dilutable for superior economy. No added phosphates, chlorines or inorganic acids.

Perfume | Lime pH Level | 2.0 – 3.5 Sizes available | 1L, 5L, 20L

Sequal A cleaner for toilets, urinals, tiled floors, walls, baths, basins and showers. Its thick formula clings to steep surfaces to provide prolonged soil attack, dissolving all types of deposits from porcelain, ceramic and stainless steel surfaces.

Perfume | Floral pH Level | 1.8 – 2.8 Sizes available | 5L, 20L

Shower Star A concentrated bathroom cleaner with naturally occurring mildew and mould killers. Works without scrubbing, and rinsing is not normally required. Excellent on showers and baths and other bathroom fittings and fixtures.

Perfume | Citrus pH Level | 2.0 – 2.8 Sizes available | 1L, 5L, 20L

Glass Cleaner

Bellevue Rapidly penetrates and removes light to medium soil loads from windows and mirrors. It is a water-based detergent that has been formulated to produce the lowest possible impact on both people and the environment, whilst facilitating highly effective and productive cleaning.

Perfume | None pH Level | 9.0 – 10.5 Sizes available | 5L

Heavy Duty Detergents

Enyclean A heavy duty detergent and grease-remover with environmentally preferable ingredients. It is a fast-acting, powerful cleaner for a broad range of cleaning applications. Enyclean will remove grease, oil, greasy cooking fats and smoke films from floors, equipment, machinery and ceramic tiles.

Perfume | None pH Level | 13.0 – 14.0 Sizes available | 5L

Carpet Cleaners

Green'N'Gold A detergent for cleaning carpets by hot water extraction. It contains fast-acting cleaning agents and is pH controlled to be safe to use on 100% wool carpets, nylons and all washable synthetic fibres.

Perfume | Citrus pH Level | 5.5 – 7.5 Sizes available | 5L

Personal Care

Foaming Hand Wash A non-thickened liquid hand soap designed to be dispensed from special foaming hand soap dispensers that deliver the soap in the form of a foam rather than a liquid or lotion.

Perfume | Sweet pH Level | 5.0 – 6.0 Sizes available | 5L

Biological Cleansers

Bac2Work Harnesses the power of good bacteria to digest organic soilage and remove the source of unpleasant bathroom odours. Sustained attack – keeps digesting waste matter until the soilage is gone. This solution is proven effective on washrooms which have long been plagued by very strong smells and soil other products have been unable to remove.

Perfume | Mint pH Level | pH not disclosed Sizes available | 1L, 5L

Low Impact Exterior Cleaner

Powerdet Eco A unique and completely different from other detergents. It is exceptionally low in aquatic toxicity, unlike standard detergents. It is ideal for cleaning surfaces near natural waterways such as rivers or seas, as well as over land. Approved for release directly into the sea.

Perfume | None pH Level | 7.0 – 8.0 Sizes available | 5L, 20L

Ware Washing

Dish-Kleena A GECA-certified, plant-based and high-foaming neutral detergent. It offers an exceptional clean that sparkles on glass, china, and metal surfaces and leaves hands feeling soft. It is economical to use, with a subtle lemon fragrance to delight your senses.

Perfume | Subtle lemon pH Level | 7.0 – 8.5 Sizes available | 5L
