CLEANSAVE 3L

Lemon Disinfectant – Commercial Grade

Product Data Sheet | Product Code: CLN3L | Issued: September 9, 2026

What is CleanSave 3L?

CLEANSAVE 3L is a lemon-perfumed commercial grade germicide with a powerful cleaning action that leaves surfaces disinfected, clean and perfumed with a lingering lemon fragrance. It is ideal for use on baths, toilets, floors and fittings.

CLEANSAVE 3L is a part of the CleanSave Closed Loop Chemical and Dispensing System which prevents cleaners from having contact with the concentrated chemicals.

CleanSave Range

CLEANSAVE is a range of performance driven, concentrated chemicals that are supplied in tamper-proof packaging for dispensing automatic dilution systems. Each convenient 2.4L bottle comes fitted with a safety insert that stops cleaners from being able to access the concentrate. The products can only be diluted through dispensers which provides complete control over dilution, stopping over-dosing and product wastage and improving safety.

Key Benefits

- ✓ Highly concentrated to get more out of each bottle
- ✓ Provides control over dilution
- ✓ Virtually no product wastage or 'over-dosing'
- ✓ Dual action odour destroyer – removes the source of the odour and perfumes the air
- ✓ Powerful cleaning action
- ✓ Kills germs
- ✓ Colour and number coded for ease of use and safety
- ✓ Environmentally responsible, biodegradable and phosphate-free
- ✓ Reduces packaging, transport and storage requirements

How Does It Work?

CLEANSAVE 3L is a lemon-scented Commercial Grade Disinfectant with a powerful cleaning action that leaves surfaces disinfected, clean and perfumed with a lingering fragrance.
It will:

- ➢ Attack and break down dirt and grease
- ➢ Kill germs and destroy odours
- ➢ Create a long-lasting lemon fragrance

For Use On…

CLEANSAVE 3L is ideal for cleaning floors, walls, sinks, baths, toilets, tiled areas and fittings. Can also be used as an air-freshener.

Technical Data

Properties

COLOUR – Transparent Green Liquid
ODOUR – Lemon perfume
pH = 5.0 – 6.0
FOAM – High level of foam with good stability
DISINFECTANT POWER – Commercial Grade Disinfectant at 1 in 150 dilution

Environmental Care

CLEANSAVE 3L conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. CLEANSAVE 3L is non-flammable, biodegradable and phosphate-free. It contains no solvents, CLEANSAVE 3L containers can be recycled.

Colour Coding

Product identification is made easy with the Agar Colour Coding system. We have 11 different categories of product that are identified by colour and number. The product itself has this colour. Also, the colour and number are shown:

1. On the bottle label as supplied.
2. On the matching Dispenser Spray Bottle.
3. On the product chart for Colour Coded Cleaning

This system has benefits of reducing the chance of using the wrong product, making compliance and staff training easy, showing that the correct products are being used and providing information about usage, dilution and first aid.

Product	Code Colour	Code Number	Type
CLEANSAVE 3L	Green	3	Disinfectant and Antibacterial Detergents

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".
First Certified: 30 April 1996 SAI Certificate No.: QEC7358

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.

Application

The ready-to-use solution of CLEANSAVE 3L is available from your Agar Detergent Dispenser for either bottle or bucket fill. Simply select the product and push the button while holding the hose in your bottle or bucket.

CLEANSAVE 3L is diluted at a rate of 1 in 150 with water.

Apply the solution to the area being cleaned with either an autoscrubber, mop or sponge and scrub till clean. Rinse with water if required and allow to dry.

Disposal Information

1. Used solutions -

Used Solutions of CLEANSAVE 3L should be poured into a drain or trough that leads to the sewer system or a septic tank. These systems have a method for treating and breaking down the waste. Used solutions of detergent should not be poured into stormwater drains or down driveways as these drains are designed for rainwater and ultimately lead to the local river system.

2. Unused product

It is best to keep the product and use it up! If this is not possible, try to give it to someone who can use it. (Make sure the product is in its original, labelled container).
If there is no alternative but disposal, it is safe to pour modest quantities of this product down the drain (to sewer) with running water. Leave the cold tap running for a few moments afterwards as this dilutes the product and reduces the concentration in the wastewater.

Remember, do not mix different cleaning products together during disposal!

3. Empty packaging

Bottles and drums

Our 2.4L and 5L bottles and drums are made from HDPE (polyethylene) or PET which can be recycled. You can dispose of these containers via the kerbside collection program or other recycling system. CLEANSAVE 3L containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd, significantly reducing plastic usage and waste.

Cardboard cartons

Used boxes should be flattened and recycled in OCC (old, corrugated cardboard) or mixed wastepaper recycling programs.

Available in: 2.4L

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product.
